        - ***Each team will throw one swept rock and the rock that is closer to the button wins.***
        - ***If your team sweeps your opponent's rock, you will automatically lose the tie-breaker.***
        - ***Rocks must be in the house to count.***
        - ***After the first team delivers their rock, it will be measured and removed from the playing area before the second team delivers their rock.***
- ***For teams ranked 1-4 only:***
    - If you're uncertain about the validity of the other team's roster, please address this **before the game starts** between the EC and team captain. ***Reference ILLEGAL PLAYOFF ROSTER below if this occurs.***

ILLEGAL PLAYOFF ROSTER

- ***This only applies to players competing in a League Championship match (ranked 1-4). Follow these steps if anyone is concerned over the legitimacy of another player:***
    - ***Ask the team captain if the player in question is listed on their roster (everybody playing must be listed on the roster and if ranked 1-4, must have played at least one match during the regular season).***
        - ***If no – they are not allowed to play in the game (this was included in the playoff email sent by the Club and shouldn't be a surprise to them).***
        - ***If yes – they are allowed to play but grab the full name of the person in question and include a quick summary of what happened in your score report. The office will then investigate further.***
        - ***Please mention that this is just protocol to ensure everybody is following the rules and guidelines and if they are saying everybody is legal, then there shouldn't be any worry about providing their teammates name. If the player in question ends up being illegal and wins the League Championship, the results of that game will be reviewed and there is a chance their win could be overturned. As such, this is the best opportunity to come clean!***
