Gym Set-up

Volleyball:

Step 1: Setup poles into the proper holes. The holes have a gold cover. Make sure you have 1 pole with a crank and 1 pole without a crank for each court.

Step 2: Make sure poles are set to the proper height. They should be set to Men's height (approx. 8ft).

Step 3: Attach the top of the net to the poles, by putting the rope over the pulley and attaching one side to the crank and the other side to the pole.

Step 4: Attach the bottom of the nets to each pole. Tighten with the crank.

Step 5: Be very careful to not overtighten nets.
