

Facility: Goldbar Community League

Last Updated: Aug 17, 2026
Who: BS

Address: 4620 105 Ave NW

Contact/Caretaker: Liisa Armstrong

Cornhole Setup

27ft Distance between boards

Cornhole setup

General Information

Parking: Parking can be found directly to the west of the building.

Entrance: Please use the entrance on the west side of the parking lot to enter the facility. Please leave dirty footwear at the entrance. Additional instructions regarding the use of the facility key fobs have been provided under 'important notes' in this document.

Gym Location: The hall will be located directly to your right upon entering through the doors. The key fob will need to be used in order to access the hall.

Changeroom/Washroom: From the facility entrance, turn left and immediately right to access the washrooms that are attached to the foyer.

Equipment

Sport Specific Equipment Location and details: When you enter the facility, turn immediately left and go through the door at the end of the hall past the foyer to head down the stairs. At the bottom of the stairway, enter the mechanical room immediately to the left to access the cornhole boards, bags, rope, and shock absorbing mats.

Please note: There are various doors that need to be unlocked using the fob when accessing the mechanical room. Please ensure these are all locked at the conclusion of the evening.

At the conclusion of the evening, all equipment should be put back in this room in an orderly manner.

Gym Set-up and Take-down

Cornhole

Set-up

Step 1: Loosen the wing nuts by hand underneath each board in order to drop down the legs. Ensure both legs are brought down at the same time to reduce strain on the piece of wood that connects them. Re-tighten wing nuts to lock the legs down.

780.429.GAME(4263)

Step 2: Place each board on top of a shock absorbing mat.

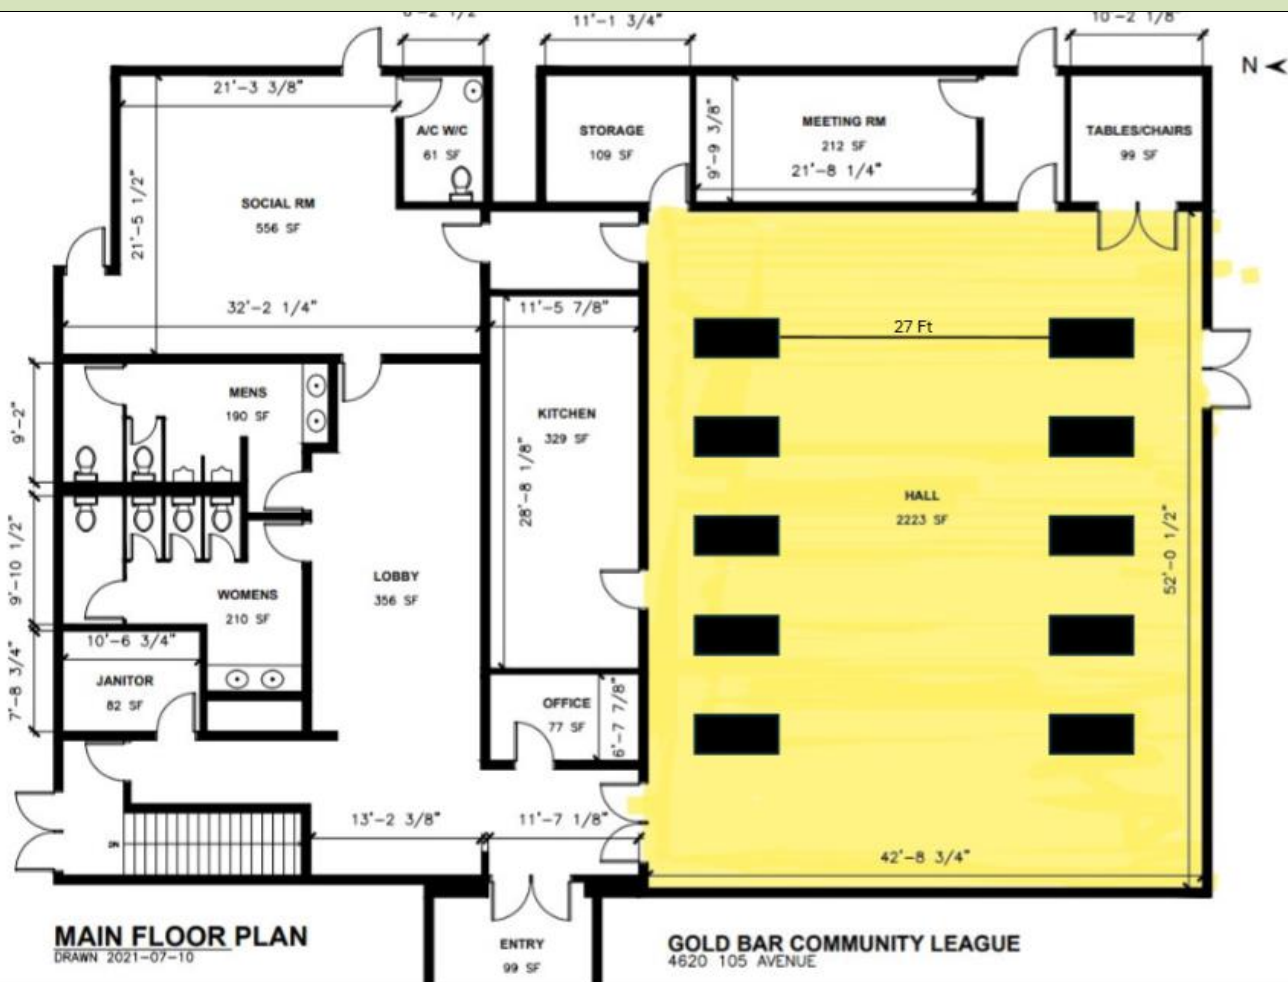

Step 3: Boards should be set up 27 Feet apart from the front of one board to another. A pre-measured length of rope has been provided to measure out this distance.

Step 4: Repeat for the number of teams in your league.

General notes:

- Ensure wing nuts are retightened when folding in the legs at the end of the evening. Wing nuts can be lost if they are loose in transport.
- Cornhole setup and take-down can be a long procedure. Do not hesitate to ask other players for assistance.

Important Notes

Please remove all outdoor footwear before entering the facility.

The Event Coordinator will have a key fob that can be used to unlock the doors of the facility. When using the key fob, a single scan will unlock the door temporarily. Scanning the fob twice will leave the door permanently unlocked with a green light on the scanner indicating that it is unlocked. To lock the

door again, scan the fob a single time and a red light will appear on the scanner indicating that it is locked.

Please ensure that the door to the hall, the hallway doors used when accessing the mechanical room, and the entryway doors to the facility are locked and properly latched at the conclusion of the evening.
